

Enhancements to the Insurance Council of Manitoba Licensing Portal Coming Soon

The Insurance Council of Manitoba (ICM) is pleased to announce many upcoming enhancements to the online [licensing portal](#).

These enhancements allow most licensing processes to be completed in an online, paperless environment and enable licence holders to submit or update licensing information 24 hours a day, 7 days a week.

Processes that may be completed online include:

- apply as a new licence applicant
- apply for an amendment and/or reinstatement of a previously held licence
- upload required documents, such as the criminal record check or errors & omissions insurance
- enable the Authorizer (the Operating Agent/Designated Representative or Insurer) to review and submit their approval of the application
- track the real-time status of the application throughout the process
- register for a modular LLQP examination
- register for an Adjuster or General examination
- make payment via credit card

Details and instructions for use of the upcoming enhancements will follow in the coming weeks and will be posted on the ICM website (www.icm.mb.ca).
