

User Guide to **REINSTATE** a previously held Licence

(includes a Reinstatement + Annual Renewal of Licence)

Updated April 22/25

IMPORTANT NOTES PRIOR TO BEGINNING AN APPLICATION

The online application system has recently been enhanced and currently applies to all categories of applicants other than an Amendment to a [Restricted Insurance Agent's](#) (RIA) Designated Official, which requires the completion of a [paper application](#).

To be re-considered for suitability of a Manitoba licence, **all** Reinstatement Applications require detailed answers and documentation as noted in the "[Quick Checklists](#)" attached within this User Guide.

Review the ICM website:

The Insurance Council of Manitoba issues licenses on an equivalency basis (i.e. "Acting Under Supervision" in Ontario would be equivalent to ICM's Level 1 General Licence). Review the required educational requirements prior to applying for a particular licence ([General requirements](#), [Insurance Adjuster requirements](#), [Life/A&S requirements](#)). Should the applicant apply for a General Agent Licence or Insurance Adjuster Licence at a different level than they qualify for, the application will be returned as incomplete.

All applications are reviewed in the order that they are received at the ICM office - no exceptions are given. Applications are typically reviewed **within 7-business days of being received at the ICM office**, however, this could vary depending on the volume of applications received on any given day.

To allow our staff to be as efficient as possible, we ask that you do not contact the ICM office unless you have not received a response by the start of the 8th business day.

Quick viewpoint of the system

Applicant applies for a licence by completing an online application form and providing all documents as requested to determine suitability for the licence.

Applicants will want to review and use this User Guide for assistance with applying online.

Applicant submits online application to the "**Authorizer**" (agency/firm/sponsor) for review. Once submitted, questions CANNOT be changed.

Authorizer reviews the application in its entirety to determine suitability for a licence by performing their due diligence.

Authorizer can perform one of the following:

- Save the application to review at a future time ["**Save**"]. This application has not been submitted to the ICM and is simply saved to review at a future time by the Authorizer.
- Approve the application and send it to the ICM for review ["**Approve**"].
- Send back the application to the applicant for further information ["**Send Back**"].
- Decline the application ["**Decline**"].
- Cancel the application if the applicant no longer wishes to pursue a licence ["**Cancel Application**"].
- Return to the previous screen if you no longer wish to review and/or authorize the application ["**Return**"].

If the application is approved and submitted to the **ICM** ("**Approve**"), the ICM will review it for suitability of a licence. The ICM then has the same options as the Authorizer (**Save, Approve, Send Back** to the applicant for further information, **Decline**, or **Cancel Application**).

Once issued, a confirmation of licensing email will be sent to the new licensee confirming their licence.

Applications automatically EXPIRE within 30 days of inactivity by the Applicant or Authorizer.

Progress Bar:

The progress bar (as demonstrated below) at the top of your application will provide you with the stage in which your application currently sits.

- “Waiting to Submit” = application is pending with the applicant for information.
- “Pending Authorizer’s Review” = application is with the sponsoring organization to review and submit to the ICM for consideration of a licence.
- “Pending ICM Review” = application is pending with the ICM for review and consideration of a licence.
- “Approved” = application has been approved for a licence. *Note that this does not mean that a licence has been issued. A confirmation of licensing email will be sent to the stakeholder once a licence has been issued, and the licence will be made public under the [Licence Search](#) on ICM’s website.*

Notifications:

Each time an application progresses to a different stage in the process, a notification will be provided to both the applicant and their Authorizer. Notifications can be located within the *bell* in the upper righthand corner as demonstrated below. This allows the applicant and authorizer to always stay up-to-date with the application progress.

Application Status

All Applications are reviewed in the order that they are received at the ICM office - no exceptions are given. Applications are typically reviewed within 7-business days of being received at the ICM office, but this could vary depending on the volume of applications received on any given day. Please refer to the progress bar (located at the top of your application) to determine which party in the process is currently reviewing your information:

- “*Waiting to Submit*” = application is pending with the applicant for information.
- “*Pending Authorizer’s Review*” = application is with the sponsoring organization to review and submit to the ICM for consideration of a licence.

Refer to the [User Guide](#) to assist you with the process and change in progress bar. Please do not contact the ICM office for a status update **unless the application has been “Pending ICM Review” for over 7-business days.**

Reinstatement + Annual Renewal Additional Information:

Fees/Payment:

- A **Reinstatement + Annual Renewal** will require two (2) fees per licence as per Regulation [73/93](#). The “Reinstatement” Fee is \$70.00 per licence and the “Annual Renewal” Fee is listed under “Agent’s licence” or “Insurance adjuster’s licence” within this regulation, and is contingent upon your class and in some cases your level. When you choose “Apply for a Reinstatement” as sampled on the previous page, the system will automatically add the two (2) fees per licence together at the bottom of the online application.

Continuing Education Credit Hours:

- Refer to the [Continuing Education page](#) on the ICM website for Requirements and Definitions
- Depending on your resident jurisdiction, if you are required to meet the ICM’s annual continuing education credit hour requirement, you would need to enter your credit hours within your online portal PRIOR to submitting your application to the ICM office for consideration of a reinstatement + renewal of your licence. Once you have met the annual requirement, a green check mark will appear under your CE Status tab. If you fail to meet the requirement, a red exclamation mark will remain. Sample screen below:

Insurance Adjuster specific information:

- If you are reapplying for your licence after 12 months but within 5 years, you are also required to upload a copy of your criminal record check within the online application process.
- Details on [criminal record check qualifications](#) are outlined on the ICM website.

Step 5: Educational Requirements in Manitoba

- The Insurance Council of Manitoba issues licenses on an equivalency basis (i.e. “Acting Under Supervision” in Ontario would be equivalent to ICM’s Level 1 General Licence).
- Review the required educational requirements prior to applying for a particular licence.
- Should the applicant apply for a General Agent Licence or Insurance Adjuster Licence at a different level than they qualify for, the application will be returned as incomplete.

Step 6: Determine who you are applying with

User chooses the **Insurance Class** they are wishing to reinstate as noted below in [Screen #1](#) (only previously held licenses meeting the timeline criteria noted under Step 4 above will display in the insurance class drop-down menu). They would then choose the **Licence Class**, **Agency/Adjusting Firm** and/or **Sponsor** as noted on the following page in [Screen #2](#), and would proceed to the next page by clicking Continue.

Application Status

All Applications are reviewed in the order that they are received at the ICM office - no exceptions are given. Applications are typically reviewed within 7-business days of being received at the ICM office, but this could vary depending on the volume of applications received on any given day. Please refer to the progress bar (located at the top of your application) to determine which party in the process is currently reviewing your information:

- “Waiting to Submit” = application is pending with the applicant for information.
- “Pending Authorizer’s Review” = application is with the sponsoring organization to review and submit to the ICM for consideration of a licence.
- “Pending ICM Review” = application is pending with the ICM for review and consideration of a licence.
- “Approved” = application has been approved for a licence.

Note: Once the licence is issued, a confirmation of licensing email will be sent to the new licensee confirming their licence.

Refer to the [User Guide](#) to assist you with the process and change in progress bar. Please do not contact the ICM office for a status update **unless the application has been “Pending ICM Review” for over 7-business days.**
