

Transparency Matters

Posted December 2025

Transparency isn't just a principle, it's a practice the ICM upholds every day. As part of our commitment to public trust and professional accountability, the ICM publishes full disciplinary decisions on our website and through the Canadian Insurance Regulators Disciplinary Actions (CIRDA) national registry.

Since receiving expanded authority in 2014 under Insurance Councils Regulation 227/91, we've been empowered to share not only the decisions themselves, but also the context needed to understand them.

Whether you're a licence holder, industry professional, or member of the public, we encourage you to visit the [Disciplinary Decisions](#) section of our website to stay informed and see how we're working to uphold the integrity of the insurance profession in Manitoba.
