

Are Your E&O Insurance Details Up to Date in the ICM Portal?

Posted December 2025

Q: If I've already updated my E&O (Professional Liability) Insurance details on another platform, such as APEXA, do I still need to update this information in the ICM online portal?

A: Yes. All licence holders are required to maintain current E&O insurance and ensure that their information is accurately reflected in the ICM [Online Portal](#). Failure to do so may result in disqualification. *For General (Property & Casualty) licence holders, this update is typically managed by the Operating Agent.*

Important Reminders:

- E&O policy details must be provided for each licence you hold. For example, if you hold both Life and Accident & Sickness licences, you are required to enter your E&O policy details separately for each licence.
- Do **not** submit a copy of your E&O insurance to the ICM office unless specifically requested.
- All updates to your E&O policy must be made directly in the online portal by the licence holder.
